traditionally associated with the federal government aboriginal policy has arguably become a far
more complex reality with or without formal self government aboriginal communities and nations
are increasingly assertive in establishing their own authority in areas as diverse as education land

management the administration of justice family and social services and housing the 2013 state of the federation volume gathers experts and practitioners to discuss the contemporary dynamics patterns and challenges of aboriginal multilevel governance in a wide range of policy areas recent court decisions on aboriginal rights notably on the duty to consult have forced provincial and territorial governments to develop more sustained relationships with aboriginal organizations and governments especially in the management of lands and resources showing that aboriginal governance is more than ever a multilevel reality contributors address questions such as what are the challenges in negotiating and implementing these bilateral and trilateral governance agreements are these governance arrangements conducive to real and sustained aboriginal participation in the policy process finally what are the implications of these various developments for canadian federalism and for the rights and status of aboriginal peoples in relation to the canadian federation

once termed the world s largest military museum the chinese military has made enormous progress over the past twenty years with skyrocketing military budgets and new technology china s tanks aircraft destroyers and missile capabilities are becoming comparable to those of the united states if these trends continue how powerful will the chinese military be in the future will its capabilities soon rival or surpass those of the united states the most comprehensive study of its kind this book provides a detailed assessment of china s military capabilities in 2000 and 2010 with projections for 2020 it is the first of its kind in outlining a rigorous theoretically and empirically grounded framework for assessing military capability based on not just weaponry but also doctrine training equipment and organizational structure this framework provides not only the most accurate assessment of china s military to date but an important new tool in the study of military history

industrial capitalism is broken the signs which transcend national ideologies are everywhere climate change ecological overshoot financial exhaustion fraying social safety nets corporate fraud government deceit civic unrest terrorism and war but there is hope this book tells how transformation is taking root in the corporate world the last place many of us would look for solutions the book tells the stories of seven exceptional companies their shared secret is a new mental model of the firm that is the virtual opposite of industrial capitalism each company if not already a household name is a significant player within their industry and crucially has outperformed their competitors lessons can be learned it works like this instead of modeling themselves on the assumed efficiency of machines a thought process that emerged during the industrial age these firms model themselves on living systems firms with open ethical inclusive traditions where employees have a voice and a stake in what happens have a distinct advantage over traditionally managed companies where most decisions are made at the top understanding that everything of value ultimately arises from life they place a higher value on living assets people and nature than they do on non living capital assets the energy they invest in stewarding those assets a practice described in the book as living asset stewardship las is transformative

this book includes twenty case studies of world heritage sites from around the world that explore from a human rights perspective indigenous peoples experiences with world heritage sites and with the processes of the world heritage convention the book will serve as a resource for indigenous peoples world heritage site managers and unesco as well as academics and it will contribute to discussions about what changes or actions are needed to ensure that world heritage

sites can play a consistently positive role for indigenous peoples in line with the spirit of the united nations declaration on the rights of indigenous peoples

most people in most countries have been steadily better in human development advances in technology and incomes hold ever greater for longer healthier more secure lives

every year the itunes broadband commission for digital development publishes its state of broadband report to take the pulse of the global broadband industry and explore progress in broadband connectivity this report provides a global snapshot of where the telecommunications industry stands with regards to fixed and mobile broadband deployment affordability and usage as well as the use of broadband for achieving development objectives including the millennium development goals mdgs and sustainable development goals sdgs it evaluates the take up and development of broadband around the world and tracks the broadband commissions targets it draws on the thought leadership of the commission and its research into national broadband plans it also offers a range of perspectives on how to boost the roll out and adoption of broadband networks and services across developing countries
